To Whom It May Concern:

Re: Alex Zerbe – Zaniac

As part of the 2016-2017 Season of performances and events at the Fitton Center for Creative Arts in Hamilton, Ohio, we had the great pleasure of presenting Alex Zerbe – Zaniac in our Fitton Family Friday series.

Alex's was one of 9 sell-out performances this season, but was sold out well in advance of any other performance, with all tickets gone 2 months prior to his show.

Alex was excellent to work with, he was well prepared with full promotional material and a detailed technical rider and was happy to assist us with marketing the show in any way possible. His arrival at the theater was prompt and he worked extremely well with technical and front of house staff to ensure that the show was very well presented and went up on time.

The show itself was a tour-de-force of energy, comedy and non-stop entertainment to an audience of all ages! Alex's fast paced wit and acrobatic skills had the theater captivated throughout the performance. And when he was done, he took the time to go into the foyer and meet with every person who wanted to say hello, try a trick or get a selfie.

Alex's performance at the Fitton Center was a great success and it is without reservation that I recommend him to you. Please don't hesitate to contact me for any further details.

With Kind Regards

To Whom It May Concern:

We presented Alex Zerbe, "The Zaniac" as part of our 2017 Art Inc. Concert Series in Evanston, Wyoming.

His performance, Zing Zoom Zaniac, was a huge hit with the entire audience. From seniors to teenagers to preschoolers, his engaging personality and non-stop comedy was perfect for all-ages. His fast-paced family performance contained amazing tricks, funny songs, and a barrage of jokes. This man is a talented physical comedian whose eccentric personality kept the audience engaged throughout the entire performance.

Alex even took the time after his show to meet with every single fan that wanted to say hello, get a fist bump, or take a selfie.

We sold twice the number of tickets we were expecting for the evening performance because Alex created so much buzz with his educational outreach. His science show, Gravity Catastrophe is funny and entertaining, but he also does a great job of communicating the scientific concepts he demonstrates. I may have even learned some new physics nuggets. Not only did the elementary schools love him, but he was big hit at the middle school. I have never seen such an enthusiastic response from the youth in our community. Kids were still talking about his performance months afterwards.

Alex was a great communicator and super easy to work with. I spent two days traveling to four schools with him and he was really easy-going. He responded to all of my emails promptly and made sure we had all of his tech needs. His promotional materials were great and he did everything we asked to help promote the show.

Please don't hesitate to contact me for additional information or further details.

Sincerely,

TO WHOM IT MAY CONCERN

I am writing this letter on behalf of Alex Zerbe, the entertainer who performs as ZANIAC.

On April 11, 2015, Alex Performed for us, here in Great Falls. As a traditional concert organization we have never, in 85 years, brought in a show like this. We knew we were taking a chance, especially considering the age of our audience. As it turned out, we sold twice as many adult tickets as we did youth, and he was a smash hit.

The show was wonderfully accepted by the entire audience, from the youngest to the eldest. His show is extremely fast paced and engages the entire audience, from start to finish. He is not only a talented physical performer but his continual banter and engagement with his audience is terrific.

Alex was exceedingly easy to work with, providing everything he promised for a great show.

I recommend him highly. I can't imagine any audience of any age not enjoying his performance.

Sincerely yours,

Larry Gomoll
Executive Director

To Whom It May Concern:

I am writing this letter of recommendation for Alex Zerbe who performed during our 2014-15 Big Sky Concert Series for the Northeastern Arts Network. During his week tour with our organization, Alex performed four evening concerts and engaged in ten school outreach/assembly programs for our communities in and around Sidney, Glasgow and Malta, Montana.

Our organization was extremely pleased with the performances and outreaches Mr. Zerbe conducted during his tour. Alex was a pleasure to work with and he was very accommodating to the needs of our many different ages of school children and the hectic schedule that our tour demanded of him. We received many praises from the school teachers who attended the outreach performances because of Alex's ability to enlighten and involve these children with his amazing physical stunts and comedy. We have even had two new schools ask for our programs because the administrators heard about the wonderful assemblies Alex performed on our tour! Our evening concerts were highly successful in attendance with Alex's amazing talent and rapport with our audiences.

I highly recommend Alex Zerbe "The Zaniac" as a disciplined artist and performer. Northeastern Arts Network would definitely consider hiring Alex again for our school outreaches and evening performances.

Sincerely,

Jill Hill, President
Northeastern Arts Network

April 7th 2015

To whom it may concern :

The sound of laughter recently filled our elementary school cafeteria and our middle school gym. “Professional Zaniac” Alex Zerbe performed his school assembly in Hot Springs County School District, Thermopolis, Wyoming and while laughter filled the room some important lessons were stressed. Firstly, how important it is to read. Closely followed by “failure is not permanent” which encourages students to persevere. Volunteers left the stage to cheers from their peers and many questions were answered.

The sound of laughter then filled our auditorium when citizens ranging from babies to retirement home residents came out to enjoy an evening comedy show. Approximately 5% of Hot Springs County residents were in attendance, which is a huge turnout, and some folk came from neighboring counties. None were disappointed. Again Alex thrilled the audience with his unusual skills, his friendly nature and his professionalism. Volunteers left the stage to thunderous applause and everyone left the auditorium smiling.

It was a real treat to have Alex Zerbe work in our schools and community. Not only were his performances thoroughly enjoyed but he was a pleasure to work with.

I would be happy to provide more information.
